

The Jabra Engage 75 SE Engineered to be the world's most powerful professional wireless headsets*

The Jabra Engage 75 SE is an entirely new class of DECT wireless professional headsets engineered to boost customer satisfaction.

Industry-leading professional wireless performance. Better customer connections.

Provides superior wireless connectivity to a range of up to 150m/490ft, enabling up to 3x more users to operate in the same office space – with no loss in connection quality.¹

Crystal-clear calls. Enhance the customer experience.

Advanced noise-cancelling microphone and enhanced speakers deliver crystal-clear calls even in noisy offices. Meets Skype for Business Open Office requirements.²

More talk time, less interruption. Increase productivity.

Up to 13 hours talk time³ and a busylight to deter interruptions.

Any call, from any device. Increase availability for calls.

Connect to up to five devices simultaneously. Can connect to 2 USB devices (softphone and/or desk phone⁴), 2 Bluetooth[®] devices and 1 analog desk phone.

Choice of wearing styles. Support different workstyles.

With stereo, mono and lightest-in-category convertible models.

Rich call analytics.¹

Drive customer satisfaction with data driven decisions.

*Relates to Jabra Engage 75 SE/65 SE Stereo and Mono variants.

- Connect up to 5 devices
- Rich call data for insights

Works with

Getting started

First, connect the desk phone and PC cables to the base. For information on your specific phone, refer to <http://www.jabra.com/compatibilityguide>

Connect to power

Then plug the base into a power supply, and then scroll to the Setup Wizard in the menu. The Setup Wizard will help you connect to your computer, smartphone, or desk phone.
